

Kroger Community Rewards Instructions

Kroger Community Rewards is an easy way you can help support HUUC with no cost and almost no effort. Through this program, every time you scan your Kroger shopper's card and make a purchase, Kroger will donate a small amount to HUUC at no additional cost to you. Here's how you can help:

1. Go to www.kroger.com and click on the "Sign In" button in the top-right corner to open a dropdown menu.
 - a. Already have an account? Click "Sign In" from the dropdown menu and enter your email and password to log in.
 - i. If you don't remember your password, you can click the "Forgot Password?" link right below the password input field and follow the instructions.
 - b. Don't have an account yet? Click "Create Account" from the dropdown menu and follow the instructions to create your account. Be sure to have your Kroger card handy so that you can enter its number to link your card to your account.
2. After you are logged in, click the "My Account" link, located in the same "Sign In" dropdown menu you clicked at the beginning.
3. On the My Account page, click the Community Rewards link from the menu on the left-hand side of the page.
4. Click the blue "Enroll" button.
5. In the search bar under "Find an Organization", type in "heritage universalist", then hit enter. You can also search by our organization number, **GM909**. You should see a list of organizations pop up, and HUUC will be the first one on the list. It is listed as:

Heritage Universalist Unitarian Church

Organization Address
2710 Newtown Rd
Cincinnati, OH 45244

6. Click the blue "Enroll" button underneath Heritage. You should now see your status as "enrolled", and you can confirm that HUUC is listed as the organization name.
7. You're all done! Please be sure to scan your Kroger card wherever you shop — if you don't scan your card, your purchases won't count for the Community Rewards program.

This whole process also can be done through the Kroger app on your smartphone, though the exact directions may differ a little bit. If you have any questions about Kroger Community Rewards or need help, please ask Luke Walczewski — I'm happy to assist!
